

Tailored Greeting Cards

Internal Use Only

A folded card with featuring two distinctly different sides – a printing and a writing side to match our single sided postcard offering.

The Paper

- Matching our single sided Postcard paper
 - 15.6pt in thickness
 - 300gsm in weight / 110lb Cover weight (approx.)
- The perfect thickness and weight for folding.

Finishing options

- Inside: uncoated paper, printing only, no special finishes (foils, spot gloss etc).
- CMYK printing both sides
- Soft Touch laminate on outside
- Gold, Silver and Copper foil on outside
- Spot gloss and raised spot gloss on outside

The Product

- Both sides can be printed. The exterior side is laminated with soft touch and tailored elements can be added. The inside side is uncoated and can be written on, no tailored here.
