Product features

- 1 Heavyweight feel**
Crafted with care using quality materials, the MOO Twist Pen is reassuringly weighty. Which makes it comfortable to hold and a pleasure to write with.
- 2 Unique design**
With an instantly recognizable silhouette, it's not just a ballpoint – it's a talking point. Use the twist mechanism to reveal the nib (and keep your pen from rolling too).
- 3 Environmentally friendly**
Designed to be shown off, not thrown away. So we made it with long-lasting and recyclable aluminum. And it can be refilled again and again, with Schmidt P900M ink cartridges.
- 4 Customization**
Designed for brands, as well as hands. Make it yours by adding a logo or design, with laser engraving along one side of the pen barrel.
