A fold for every story

→ Bi-fold

With one clean fold and generous space, Bi-fold Brochures make it easy to show off your products, compare services, and present information cleanly. Perfect for product launches, menus, lookbooks, and designs that need some extra room to shine.

→ Tri-fold

Tri-fold Brochures naturally guide readers from one section to the next, making them ideal for telling your story, explaining your services, or introducing your business, one fold at a time.

→ Z-fold

The accordion-style fold of Z-fold Brochures has a slim profile and unfolds to allow visuals to span multiple panels. They're perfect for maps, timelines, product journeys, or step-by-step guides that can easily be read from left to right when fully opened.

Print that speaks volumes

→ Original Brochures

Whether it be for important presentations or marketing materials, our Original Brochures are designed to be picked up and never put down. Impressive paper stock matched with Gloss or Matte Uncoated finishes, your message gets the sophisticated presentation it deserves.

→ Eco Signature

Great design and thoughtful choices go hand-in-hand, and our Eco Brochures do both without compromising on quality. Made from 100% recycled, FSC® certified paper, Eco Signature Brochures have subtle speckles for a unique, organic character. Perfect for any brand that is looking for a more sustainable way to elevate their message.

→ Super Brochures

When you want to make a stronger first impression, Super Brochures deliver. Thick, Super paper stock paired with our deliciously-tactile Soft Touch finish for a luxurious experience to impress your most important clients and biggest customers.
